👤 PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student (3rd Year) with a strong interest in Data Science, Artificial Intelligence, and Full-Stack Web Development. Passionate about building real-world projects and continuously learning modern technologies through hands-on experience to solve complex problems.

🎓 EDUCATION

Mid-Western University of Engineering

2022 – Present

Bachelor in Computer Science Engineering (Currently in 3rd Year)

Evolve IT Hub Nepal Pvt. Ltd.

Completed

Data Science & AI/ML Professional Training Course

- Completed comprehensive hands-on training covering Data Science, Machine Learning, Deep Learning, Data Visualization, and Predictive Analytics.

⚙️ TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C, C++, PHP

Web Development & Backend: HTML5, CSS3, Bootstrap, React.js, Express.js, Node.js, REST APIs

Databases: MySQL, MongoDB

Data Science & Machine Learning: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Neural Networks, Deep Learning, Logistic Regression, Random Forest, KNN

Tools & Technologies: Git, GitHub, VS Code, Jupyter Notebook, PyCharm, Power BI, Tableau

📁 PROJECTS

Machine Learning Predictive Models

Python, Scikit-learn, Pandas, Deep Learning

- Developed predictive models for Stroke Prediction, House Price Prediction, and Heart Attack Prediction utilizing diverse ML algorithms.
- Implemented and evaluated Logistic Regression, Random Forest, and K-Nearest Neighbors (KNN) models to optimize predictive accuracy.

Job Platform Application

MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Architected a comprehensive job posting and communication platform connecting technical recruiters and job seekers.

Gym Management Platform Concept

HTML, CSS, JavaScript, Payment API Integration

- Designed a web application concept to assist gym owners in managing customer memberships and tracking active plans.

Content Management Website

PHP, HTML, CSS, Bootstrap

- Developed a dynamic website with a custom PHP backend, empowering administrators to easily update branding, media, and text content without code changes.

ACHIEVEMENTS & STRENGTHS

- Successfully built and deployed multiple full-stack web applications and machine learning models using real-world datasets.
- Native in Nepali and hold Professional Working Proficiency in English.

Fast Learner

Problem Solving

Project Building

Curious

Adaptable
